Working paper CMES

2021-2027

26th meeting of the Expert Group on the EMFF
18 November 2020, Online

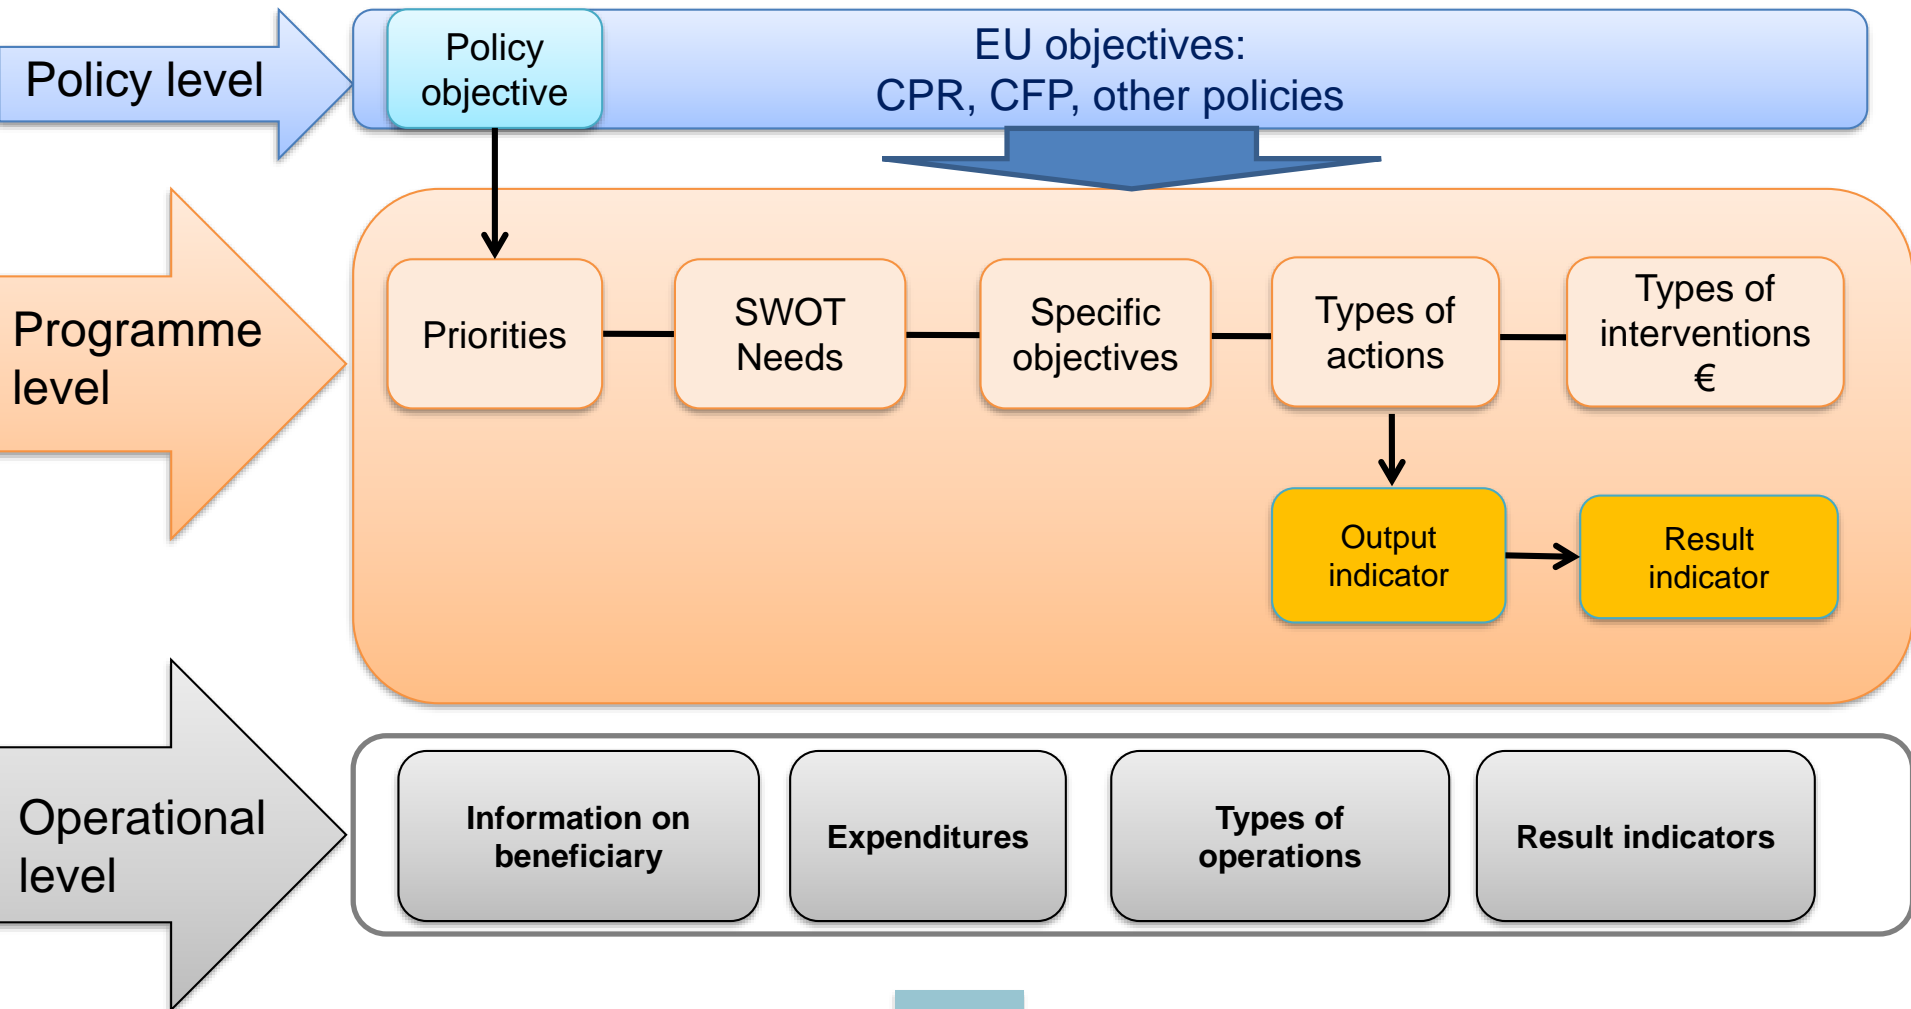

CMES – Common Monitoring and Evaluation System 2021-2027

- *Intervention logic*
- *Set of common indicators*
- *Infosys reporting*
- *CPR Article 37 reporting*
- *Evaluation Plan and activities*
- *Annual review/report*

Intervention logic

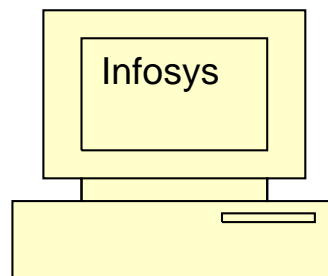

Programme preparation

- *Establish a coherent link between CMES elements*

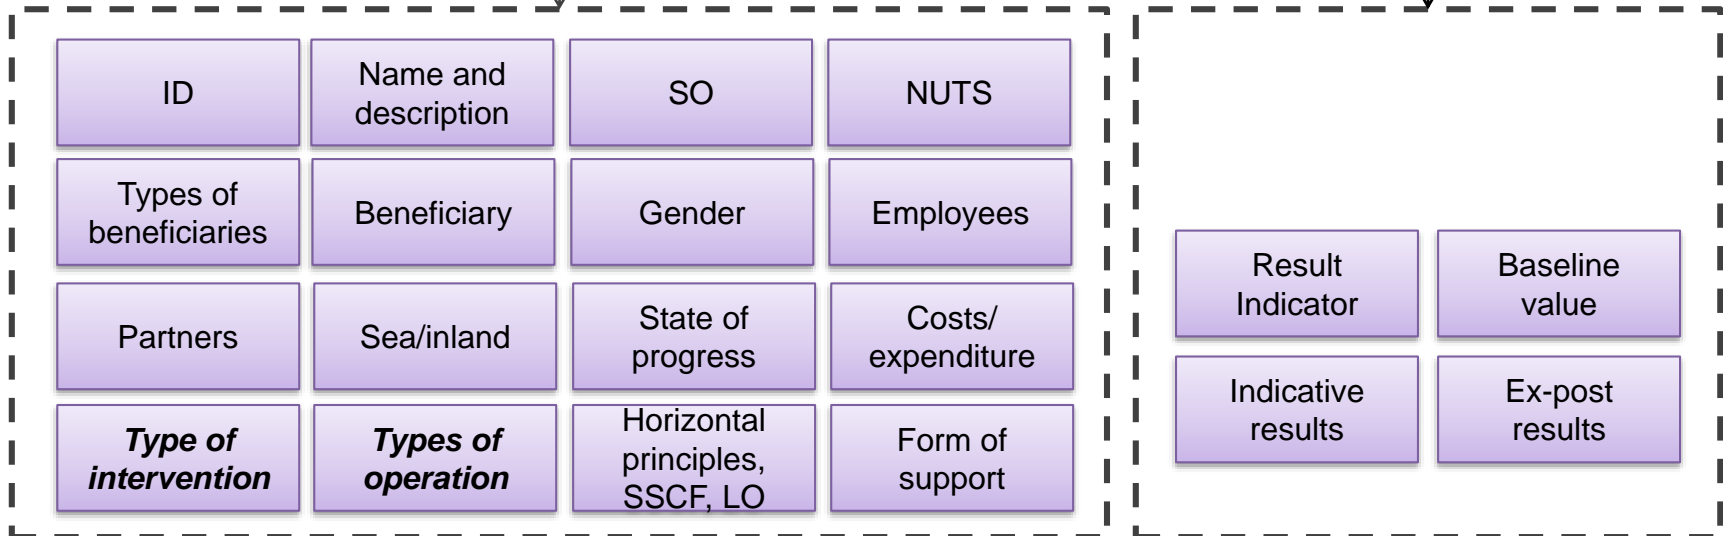

- *Establish a functional data collection and monitoring system*

Programme implementation Infosys 2021-2027 (provisional)

Annex I

Annex II

34 fields currently.

4 fields

Type of interventions

- *currently there are **16** types of interventions under discussion*
- *used to **allocate funds** along thematic policy issues;*
- *used to track **climate change and environmental expenditure**;*
- *should be selected **select under each specific objective** in accordance with the defined types of actions, and indicatively allocate so that funds are indicatively allocated to each of them;*
- *MAAs **freely choose** as many types of interventions per SO as necessary;*
- *during implementation a type of intervention should be chosen **for each operation** CPR Article 37.*

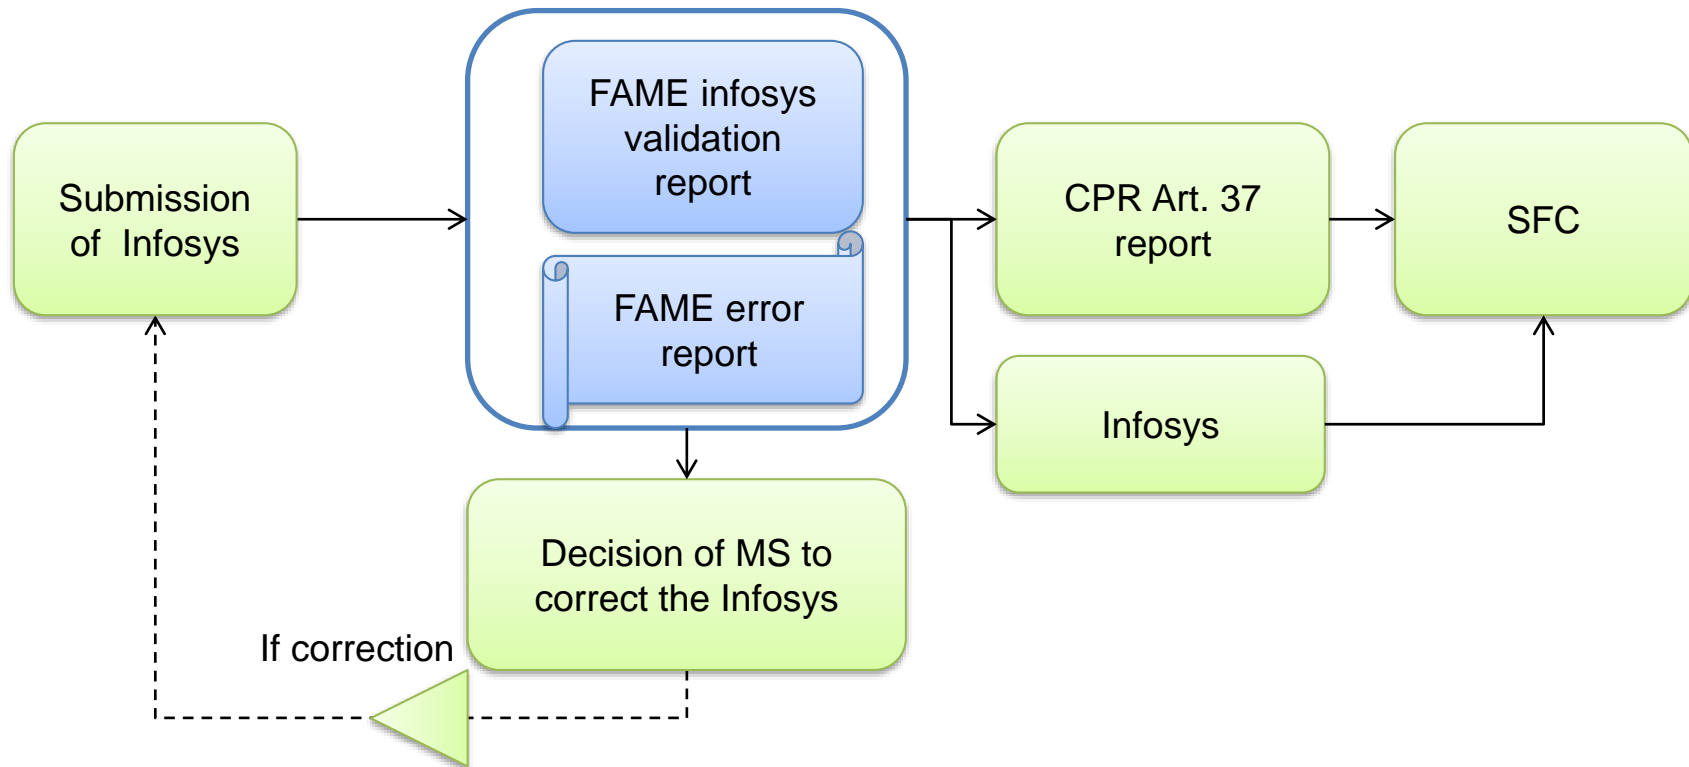

Types of operations

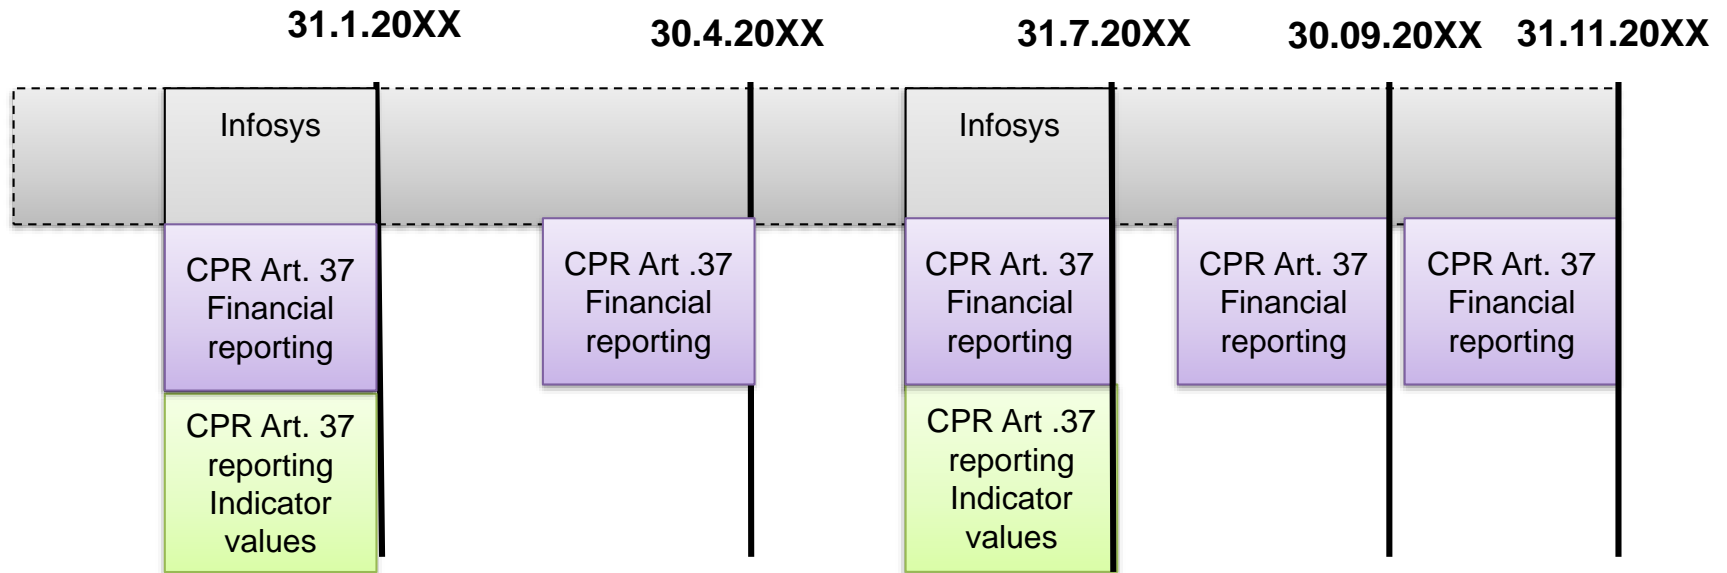

- *pre-determined list of **thematic categories** used to label/categorize single operations for monitoring in Infosys;*
- *final list will be determined in a **future legal supporting act** following the final regulation;*
- *during implementation, Member States **select the most appropriate type of operation** for each operation;*
- *only **one type of operation** is possible per operation;*
- *for complex operations, MA must choose the **most representative one**.*

Reporting process

Reporting timeline - preliminary

FAME working paper contains

- *Intervention logic*
- *Indicators*
- *Infosys reporting*
- *Annual performance review*
- *CPR 37 reporting*
- *Evaluation activities*
- *Annex*
 - *Types of interventions*
 - *Common result indicators*
 - *Infosys*
 - *Types of operations*
