1 15 3 27 8 44 11 35 20 20 7 35 11 6 17 15 18 6

Information on FLAG selection

Innovation... programmed in EMFAF

5 MS selected *CR 14 Innovations enabled*

| MS | Target value |
|---------------------|--------------|
| Finland | 75 |
| Lithuania and Italy | 25 |
| Germany | 10 |
| Ireland | 5 |

National Networks... some figures

- EFF 21 MS implementing CLLD, **10 NN (of which a few informal)**
- EMFF 19 MS implementing CLLD, **13 NN**
- EMFAF 19 MS implementing CLLD, *a lot of uncertainty...*

M&E CLLD

From the registration form

What is your biggest challenge for evaluating CLLD?

- *involving all parties*
- *self-evaluation for FLAGs*
- *finding good data, collecting the data*
- *linking FLAG evaluation to evaluation of CLLD at the programme level*
- *differences between regions, difficult aggregation*
