SFC2021

SHARED FUND MANAGEMENT COMMON SYSTEM

SFC2021: Approach & Scope

***SFC** is the official and only data exchange platform for shared fund management for the 2007-2013, 2014-2020 and 2021-2027 implementing periods.*

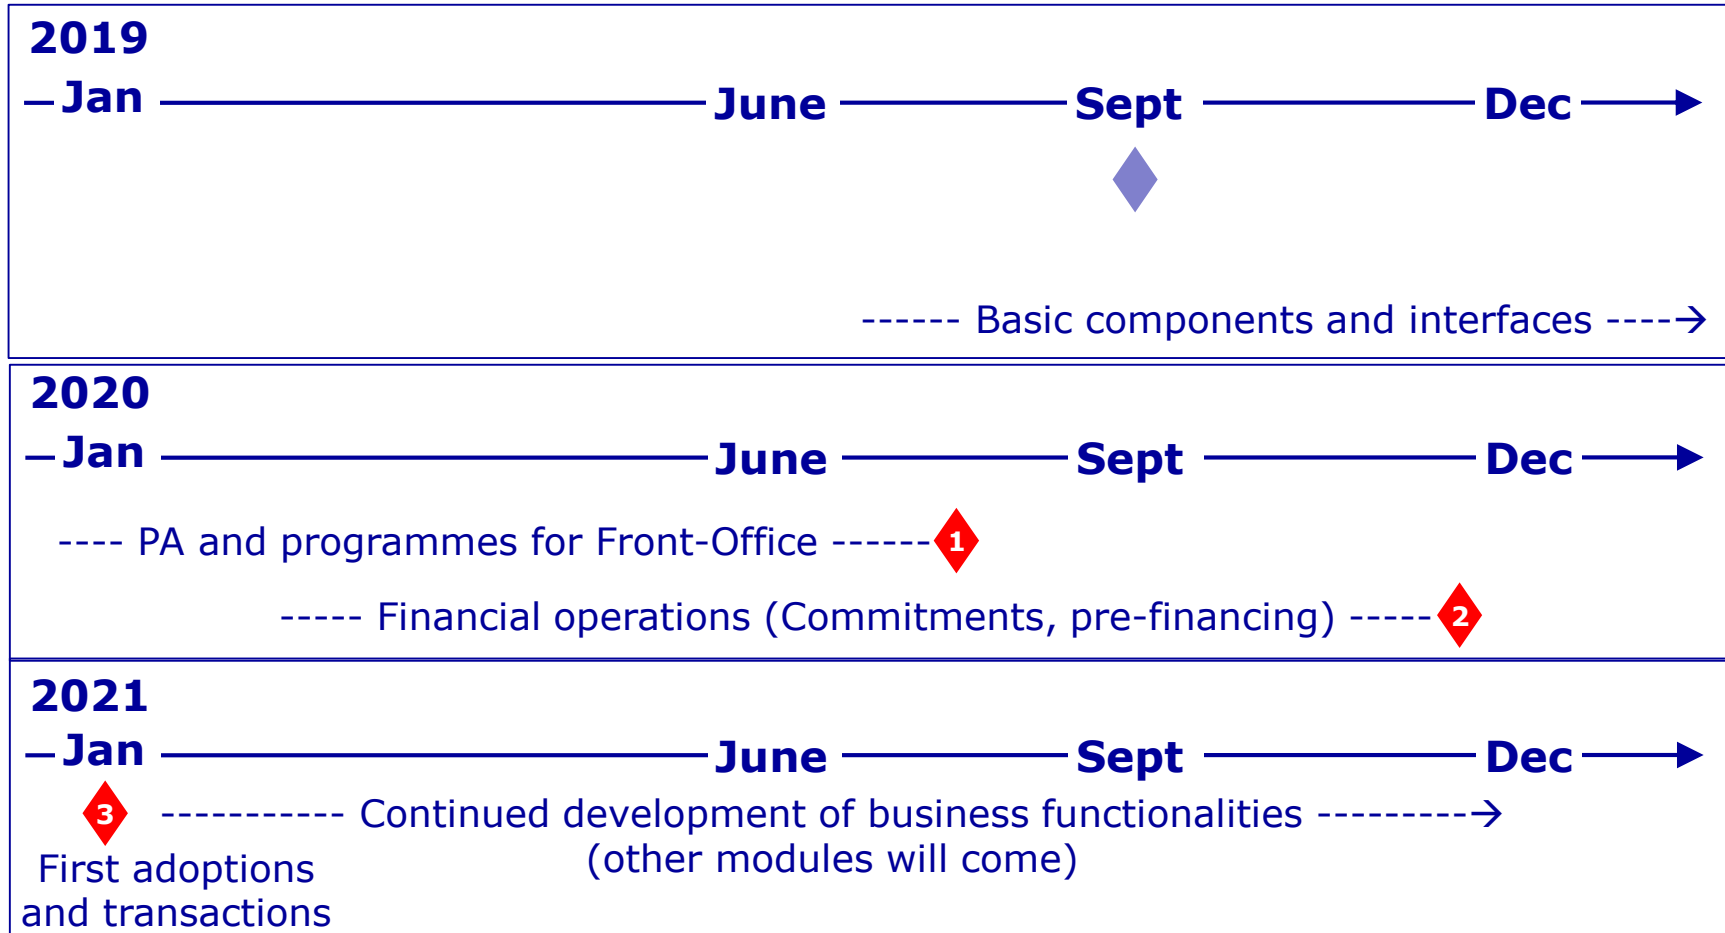

- **Use latest technologies without radical changes to business logic**
- **Continuity approach**
- **Same team, same business**
- **Member State user support**
- **Cloud oriented**

SFC2021: Expected outcome

- One-stop-shop principle
 - **Easy integration via web services between local Member State management and control systems and SFC2021-FO.**

SFC2021: Planning

Risk: Not meeting the dates planned due to delay of the negotiation process by co-legislators and in particular intervention logic and programme structure not stabilised by end-2019.
