

# DG MARE

## 2020 EMFF Work Programme for Procurement and Grants Outline

EMFF Expert Group  
12 June 2019

## WP 2020 - Outline

- Every year the COM adopts a work programme for grants and procurement related to directly managed expenditure
- The draft Work Programme is transmitted to the EMFF Committee towards the end of the prior year for its opinion
- DG MARE is currently launching the process for the preparation of the 2020 Work Programme
- WP2020 provides for a significant degree of complementarity and continuity with the types of actions implemented in the previous years. This is the last WP under the current EMFF.

## Allocation of resources in WP2020

Policy strand	Envelope in € M	%
IMP	50,7	56%
Scientific advice	10,8	12%
Control and enforcement	5,5	6%
Voluntary contributions	13,0	14%
Governance and communication	5,9	7%
Market intelligence	4,7	5%
Not programmed	0,1	0%
<b>TOTAL</b>	<b>90,8</b>	<b>100%</b>

## **WP 2020: Control and Enforcement**

Continuity of the implementation of EU control, inspection and enforcement systems notably through:

- Enhancement of IT infrastructure for a modern control system
- Missions to evaluate the implementation of the CFP rules

## WP 2020: Voluntary contributions

Support to operations in the area of international relations notably via:

- Strengthening of the scientific basis for decision making and promoting sustainable fisheries in IATTC, ICCAT, IOTC, SPRFMO and WCPFC amongst others
- Financial contributions provided to UN organisations (FAO Regional projects)
- GFCM (Mediterranean and Black Sea)

## WP 2020

### **Governance and communication**

- Operating costs of the Advisory Councils, whose role has been recognised and reinforced over the years
- Provision and coordination of information and communication

### **Market Intelligence**

- Support for the development and dissemination of market intelligence for fishery and aquaculture products

## **WP 2020: Scientific advice**

Continuity of the provision of scientific deliverables for the purpose of sound and efficient fisheries management decisions under the CFP by:

- Support to ICES advisory process and STECF experts
- Enabling studies to be conducted that result in scientific advice

# Scientific advice

## Examples of results to date

- Data collection: Regional Coordination Groups (RCG) and Regional Data Bases (RDB) strengthen cooperation in data collection
- Yearly scientific advice from ICES for TAC setting
- STECF advice in different fields (discard plans, Mediterranean stock assessment, data collection plans and reports, etc.)
- Four Framework Contracts for scientific advice studies set up by geographical areas and covering the whole spectrum of EU fisheries

# Breakdown across IMP spending areas (for 2020 in € M)

## Fixed by the EMFF Regulation and its Annex III

- *Article 82 a: **Governance*** **6,061**
- *Article 82 b: **Cross-sectorial*** **19,42**
- *Article 82 c: **Blue Economy*** **20,862**
- *Article 82 d: **Environment*** **4,397**
