

## Designated ports for pelagic fish

The following designated ports must be used for combined landings exceeding 10 tonnes of:

- Herring (*Clupea harengus*), - taken in ICES zones I, II, IIIa, IV, Vb, VI, and VII.
- Mackerel (*Scomber scombrus*) and horse mackerel (*Trachurus spp.*) - taken in ICES zones IIa, IIIa, IV, VI, and VII.

These ports are based on Articles 1 and 2 of [Commission Regulation \(EC\) No 1542/2007](#) of 20 December 2007 on landing and weighing procedures for herring, mackerel and horse mackerel<sup>1</sup>.

Note that the information in these tables is based on communications from the countries concerned. For a definitive list of designated ports, it is advisable to check directly with the national authorities.
