Public Private Civilian

VALUE OF SUPPORT

Public Private Civilian

A close-up photograph of a fishing reel mounted on a black rod. The reel is brass-colored with a silver handle and a spool of blue fishing line. The rod extends diagonally across the frame towards the top left. The background shows a vast expanse of blue water under a clear blue sky with light clouds. In the distance, there are green hills and a small island. The overall scene is bright and clear, suggesting a sunny day on the water.

Transformation of FLAG GALEB fisheries through cooperatives

In the Adriatic sea - 12 pool and line SSF fishermen with ICCAT number who catch Bluefin tuna

- Low quotas – 9 tones
- No discards
- No bycatch
- All diversified through Pesca tourism offering Big game fishing
- Some are also diversified through catering facilities offering their tuna

STATUS QUO

- **Inability to add value and preserve catch quality**
- **No capacity for storing the tuna**
- **Selling tuna as a whole – lowest prices**
- **As a small individual business it is impossible to obtain loans for implementing projects and developing the business**
- **Small market reach**
- **Business uncertainty**

One year

- Animation
- Workshops
- Team buildings
- Meetings
- Analyzing data
- Business plan
- Mediation between fishermen and Managing Authority

OUTCOME:

- **Developed and applied project to FLAG tender– small tuna processing facility**
- **Started activities to be recognized as producers organisation**
- **Started activities to obtain sustainability certificate**
- **Much bigger influence on the market**
- **Easier access to national and European policymakers**

THANK YOU!!!
